Dear Andrzej,

It was a real surprise for me to receive your book on World Cup history. I think it is the best edition on the matter, much better than any others I know (such as "Storia del Calcio Mondiale" by Guerin Sportivo, etc). My sincere congratulations.

By the way, I'd like to let you know that I have already begun writing a similar book in Greek (it's about two years now) but I want to find scorers and -if possible- line ups of all preliminary matches of world zones and not only of the final phase. I am only afraid it is a very difficult task, as there are so many matches all over the world.

Always at your disposal to provide you with anything you may need from Greece,

very best friendly regards  
Yorgos
